

December 7, 2010

Ms. Vicki Sue Davis  
Senior Campaign Finance Analyst  
Reports Analysis Division  
Federal Election Commission  
Washington, DC 20463

Dear Ms. Davis:

Pursuant to your letter dated November 2, 2010 regarding the failure by the Chad Causey for Congress Committee to file 48 HR reports on certain contributions received in conjunction with the June 8, 2010 primay run-off election, I submit the following information.

1. Rick Ashley           \$2,000 contribution 6/2/2010  
Michael Economopoulos \$2,400 contribution 6/1/2010  
Steve Tricarico       \$1,000 contribution 6/2/2010

These contributions were made online through ActBlue. The staff person entering the contributions used the date the contributor originated the transaction with ActBlue. ActBlue's check in payment of the contributions is dated Thursday, June 3, 2010. The check was received by the campaign on Monday, June 7, 2010. I am amending the committee's FEC report to reflect the actual date the contributions were received and thus available to the campaign.

2. Carolyn Berry       \$2,400 contribution 5/20/2010  
Marion Berry       \$2,400 contribution 5/20/2010

The checks for these contributions are dated May 18, 2010. They were given to the candidate on election night after he had secured a position in the run-off. I received the checks the next day. When I entered the checks into our campaign software on May 20, 2010, I used that date instead of May 18th when the contributions were actually received.

3. Bill Bristow       \$1,000 contribution May 20, 2010  
Brandon Mathis       \$1,000 contribution May 20, 2010

Each of these individuals brought their contribution checks to the campaign headquarters the morning after the election. When I entered the checks on May 20, 2010 I mistakenly used that date instead of the actual date the contributions were received by the campaign (May 19, 2010).

4. Ryan Carwell       \$2,400 contribution May 20, 2010  
William Carwell       \$2,400 contribution May 20, 2010  
John Conner, Jr.       \$2,400 contribution May 20, 2010
